A FULL DAY OF KEYNOTE SPEAKERS AND
WORKSHOPS FOR YEAR 10 MALE STUDENTS

FRIDAY 2ND OF SEPTEMBER 2022

CONV//CT//ON
PEOPLE / STORIES / PERSPECTIVE GROUP

OBJECTIVE //

The forum objective is to encourage young males to re-evaluate their perspectives on topics concerning young men's health and provide them with tools to enhance their decision-making.

SPEAKERS //

The forum utilises expert speakers to inform, engage and influence students on discussion topics concerning young men's health. These topics may include Mental Wellbeing, Violence, Resilience, Drugs, Masculinity and Healthy Relationships.

GROUPS //

Students will listen to speakers and between speaking sessions complete small group sessions led by Conviction Group facilitators. Small group sessions will be used to reinforce key principles, stimulate discussion between students and provide students with practical tools to improve their decision making skills.

PANEL //

Students will have the opportunity to anonymously submit questions via text to our expert panellists for a Q&A discussion. The discussion panel will help facilitate a more in-depth learning experience and allow all students to have the opportunity to ask our expert panellists any wellbeing related questions they may have.

ATTENDEE DETAILS DUE: Friday, 29th of July, 2022

Media Permission: at each forum, Conviction Group captures moments of the event through photo and video. Due to the size of the event, students may be photographed and/or filmed during the day. All attending students will require media permission from their parent/guardian.

Maximum Attendees: schools may send a maximum of 16 students and 2 accompanying teachers to attend the forum.

Payment: the payment due date is 2 weeks from the date of registration. Please note that given the limited number of seating and schools attending, any booking cancellations or reductions to the number of attendees registered after the online registration form has been submitted, will still hold the school liable for full payment.

Feedback Questionnaires: during the forum, students will be asked to complete an online anonymous questionnaire about key health topics, as well as an online forum feedback form. If they have access to one, we kindly ask students to bring a mobile device with internet connectivity to complete these questionnaires. This information will allow Conviction Group to better understand the knowledge young men have regarding various topics and will help improve future programs. All data may be used on print, electronic and/or social media platforms.
